WE OFFER THE FOLLOWING TERMS OF SALE

1. All Coins GUARANTEED Genuine - This is a LIFETIME Guarantee!
2. All attributions are guaranteed correct - also LIFETIME Guarantee!
3. The IDENTIFIED POPULATION estimates (RARITY) of varieties change as more pieces of Copper are attributed, and it is IMPOSSIBLE to have an ACCURATE rating! But, we do use the most up-to-date data available - as reflected in "Copper Quotes by Robinson". (CQR)
4. STRICT ANA & EAC guidelines are used in grading, which consist of assigning a grade based on the state of preservation/wear of the piece. We then describe the condition of the coin so that you will have as good an idea as possible of what the coin looks like without actually being able to see it in person. It is our intent that there be NO SURPRISES when you receive the coin. Virtually all old Copper has accumulated some marks in their lifetime since leaving the Die/Mint - It is our intent to describe any such marks of significance. We now introduce a new term - VALUE GRADING!!

Sharpness Grade is far easier to describe in consistent terms, and where there may be circulation defects such as porosity, gouges, rim dings/nicks/bruises, corrosion and other such detractions, arriving at a NET GRADE is certainly subjective at best. The grade that we have assigned on the first line describing each coin is intended to represent this NET GRADE/VALUE GRADE.

If the Second Line does NOT start with a Sharpness grade, then it is our opinion that the NET GRADE of the coin is the SAME AS the SHARPNESS GRADE of the coin, and that there are NO SIGNIFICANT defects worth mentioning. Perhaps NOT PERFECTION, but whatever marks or other elements that may be present, do not deduct from the over-all appearance/grade of the coin, and are mentioned for accuracy.

5. A Full 30 DAY return privilege is allowed for any or no reason. Our business is based upon attracting repeat customers, and it does none of us any good for you to keep a coin with which you are not completely satisfied. The 30 day period is an approval period, and we welcome any of our customers to show their purchases from us to any other EXPERIENCED EAC member for another opinion. Sales are final after the 30 day period, but we will certainly consider extensions in this time limit upon any reasonable request.
6. All coins are guaranteed to meet ANACS certification for grading! Any coin graded lower by ANACS can be returned within 120 days for immediate refund of the full purchase price plus all ANACS certification service fees.
7. All orders are sent postpaid.
8. Approval service is available to established clients with 7 day terms.

We are always interested in buying Early Copper & Type Coins! If you have coins to sell, we would be happy to have you contact us. We are willing to PAY STRONG PRICES for NICE coins. We will also accept coins on a consignment basis at a reasonable commission. Please feel free to contact either of us with ANY questions that you may have.

This list is being prepared shortly after the Dennis Mendelson Sale held February 3 in Los Angeles. My purchases from the sale are offered here for the first time. They are net priced and you will note that lots from the sale are bracketed by dashes _____. This was perhaps the most numismatically significant sale since the Jack Robinson Sale. My comments appear at the end of the catalog. I have also included an interview with Rian Thum, a twelve year old numismatist. I think you will find what Rian has to say interesting.

There are some interesting coins included as well. A nice Vermont Landscape, a superb VF30 Chain Cent and a beautiful 1793 Lettered Edge Wreath Cent S-11c. The coin on the cover is a fascinating and controversial 1797 S-129. It has an interesting story to tell which you can read inside. A condition census level 1800 S-212 is offered for sale as well as many condition census middle dates from the Mendelson Sale including choice examples of 25 N-3, 28 N-4, 29 N-9, and 30 N-6 Small Letters reverse among many others. Late dates are highlighted by beautiful mint state examples of 1840 N-3, 41 N-3, 51 N-10, and 55 N-10. Many other scarce and choice middle grade coins should provide something of interest for everyone.

I will be attending the following conventions and would be pleased to meet some of you in person. Mid-Year ANA Dallas Feb. 28-Mar 3, EAC Boston April 25-28, Central States St. Louis May 10-12.

You will notice I am using a new format. I hope you will find this attractive and helpful. There is a central photo of eighteen coins Vermont R6, 1828 C-3, 93 S-11c, 94 S-22, 97 S-129, 1800 S-212, 1812 S-289, 1820 N-15, 24 N-3, 33 N-4, 33 N-5, 35 N-7, 39 N-14, 40 N-3, 41 N-3, 50 N-7, 55 N-10, 57 N-1.

*** NOTICE ***

Many of you who are not regular customers have asked about subscribing to my catalogs. I am now offering subscriptions for \$18.00 per year which will include approximately six fixed price catalogs and two auction catalogs. This is substantially under my cost to print and mail them. If you are a regular customer you will continue to receive all my catalogs as a matter of course. If not please consider sending in a subscription. Thanks.

and die rust reverse. Sharp well centered strike.
- NOVA CONSTELLATIO
- 1783 Nova Constellatio VF20 Pointed Rays Large U.S. \$ 165.00
Smooth chocolate brown. Some field marks. Die break rev. Scarce.
- 1785 Nova Constellatio VF25 Pointed Rays Ornate U.S. \$ 195.00
Nice glossy chocolate brown. Couple tiny marks. Nice for grade.

CONNECTICUT COINAGE

- 1785 Connecticut M. 4.4-C VG10 R5 \$ 75.00
F15 Light brown with some plan striations.
- *****
- 1785 Connecticut M.6.3-G.2 VF30 \$ 375.00
Smooth tan with only the most minor defects. Diagnostic
swelling K9 reverse. DATE all legends sharp. Very choice
color and surfaces for the type.
- *****
- 1786 Connecticut M.2.1-A G4 MAILED BUST RIGHT \$ 65.00
Exceptionally choice glossy woodgrained tan and brown.
- 1787 Connecticut M.2-B VG10 MAILED BUST LEFT \$ 110.00
Smooth light brown. A nice example of the Atlee dies.
- 1787 Connecticut M.32.3-X.4 VF25 \$ 195.00
Very nice chocolate and tan. Smooth surfaces.
- 1787 Connecticut M.33.6-KK VF20 R4 \$ 225.00
VF25 Black and tan with slightly granular surfaces. Better
than the Taylor coin. A difficult variety to find nice.
- 1787 Connecticut M.33.7-r.2 F12 \$ 125.00
Choice glossy tan. Well centered with great eye appeal.
- 1787 Connecticut M.46-BB VG8 R6 \$ 75.00
Nice brown and tan.
- 1788 Connecticut M.11-G F12 \$ 72.00
VF20 Dark chocolate. Smooth but with some old corrosion in the
fields. A clip at K10. Attribution in the field in white ink.
- 1788 Connecticut M.15.1-L.1 VF20 R5 \$ 195.00
Nice glossy light brown. Small rim clip K5.

MASSACHUSETTS

- 1788 MASSACHUSETTS Cent R-6-N VG8 \$ 65.00
Smooth black and tan. Tiny bit grainy. Nice for the grade

NEW JERSEY COINAGE

- St. Patrick's farthing VG8 \$ 95.00
Nice smooth tan.
- St. Patrick's Half Penny G5 \$ 75.00
Smooth tan. Quite worn but choice and problem free.
- 1786 New Jersey M.14-J VF25 \$ 250.00
Smooth even tan. Very light circulation marks. Nice
eye appeal. A good example of the type.
- 1787 New Jersey M.62-Q F12 LARGE PLANCHET \$ 165.00
Nice glossy chocolate brown. Weakly struck central obverse
as always. Very attractive for grade.

- 1787 New Jersey M.63-Q G6 LARGE PLANCHET \$ 75.00
Nice glossy light brown. Late state with rim break at shield.
- 1787 New Jersey M.63-S G6 LARGE PLANCHET \$ 65.00
VG8 Smooth chocolate brown. A couple small edge bumps
and some old oxidation on the reverse.
- 1787 New Jersey M.64-T VF20 LARGE PLANCHET \$ 165.00
VF30 Smooth black and tan with underlying surface roughness.
A tiny clip at K5, a minor plan striation at end of horse's
mane. This looks nice and would make a nice type piece.

VERMONT

- *****
- 1786 VERMONT LANDSCAPE RR6 F12 \$ 490.00
Nice smooth tan color. Obverse legends complete with a full
date, sharp plow and landscape. A small mint made clip to
left of date does not affect any of the legend or the design.
The reverse is somewhat weaker and slightly off center affecting
QUARTA. Otherwise the legends are readable. A nice example far
above average in quality for the issue.(photo)
- *****

- 1788 VERMONT BUST RIGHT RR16 F12 \$ 175.00
Nice tan and brown color. All legends and date clear. Well
above average in terms of overall appearance for the type.

WASHINGTON PIECES

- WASHINGTON DOUBLE HEAD VF30 \$ 125.00
EF40 Glossy light brown and tan. Light hairlines over fields
invisible to naked eye. Pretty color, good eye appeal.
- 1783 Washington & Independence VF20 MILITARY BUST \$ 95.00
VF30 Dark chocolate. Problem free but a bit dull.
- 1783 WASHINGTON DRAPED BUST VF30 \$ 95.00
EF40 Smooth tan. Light circulation marks. Few stains rev.
- 1795 WASHINGTON GRATE TOKEN EF40 \$ 145.00
EF45 Glossy chocolate with scattered field marks. Sharp strike.

HALF CENTS

- 1794 C-2a R2 AG3 \$ 85.00
Detail VG or so with date and most detail visible. A little
rough with some edge damage K3 obv & rev.
- 1794 C-4a R3 AG3 \$ 110.00
Even medium brown. Obverse G5 rev weak. Nice for the grade.
- 1794 C 5a R4 G4 \$ 165.00
VG7 or slightly sharper. Medium chocolate color but quite
porous surfaces. No marks to speak of with decent eye appeal.
- 1795 C-5b R4 AG3 THICK PLANCHET \$ 135.00
Nice glossy tan. Date gone as usual, bust and LIBERTY visible
and perhaps half of reverse. This variety is usually only
available in low grades and wretched condition. This is OK.
- 1795 C 6a R2 F12 \$ 650.00
VF20 Light chocolate brown with a lightly roughened surface.
A planchet split K7 and no trace of undertype which may
indicate this was struck on rolled copper stock rather
than on a cut down T.A.L. With all due respect to Walter
I can't imagine too many people care a great deal. At least
one example of this variety is known struck over a copper
die trial striking of a 1794 dollar, of this one might care
a great deal'

				LARGE CENTS	
				=====	
				1793	

1793	S-3	R3-	VF30	CHAIN CENT	\$13,500.00
				Superb glossy light brown. A very tiny scratch under L of LIBERTY the only mark I can find worth mentioning. Remarkably clean and choice for a Chain Cent in any grade. Perfectly centered with a sharp even strike. Rare this nice and certainly aesthetically superior to some I have seen a grade higher.	

1793	S-4	R4-	G5	CHAIN CENT	\$1400.00
				Slightly sharper chocolate and tan with an evenly granular surface. Date liberty and all legends clear. Nice clean rims and free of distracting marks. Very nice for a Chain Cent in this price range.	
1793	S-8	R3-	Fr2	WREATH	\$ 165.00
				Prodigiously worn glossy brown. Nothing but portrait and wreath left but incredibly choice for the grade.	
1793	S-9	R2	BS1	WREATH	\$ 95.00
				Even more worn. Only the profile and part of the wreath visible. The rims evenly "spooned" A nice pocket piece.	
1793	S-9			ELECTROTYPE	\$ 195.00
				Nice copy from an EF coin. Tan color. Neat conversation piece.	
1793	S-9	R2	G4	WREATH	\$ 550.00
				Brown and tan. Date and most legends readable. Some tiny pin-pricks and marks. Acceptable for the grade.	
1793	S-11c	R3	G4	LETTERED EDGE	\$ 475.00
				Slightly sharper greyblack with an evenly grainy surface. Sharp date. Good eye appeal for the grade.	

1793	S-11c	R3	VF30		\$6250.00
				Very choice glossy tan and brown in a beautiful woodgrain pattern. The technical grade is VF30 or slightly better, but the color and surfaces are that of a higher grade coin. There is a tiny scratch on the T of CENT and a couple tiny marks. This is a beautiful Cent.(photo)	

				1794	
1794	S-20	R4	AG3	HEAD OF 1793	\$ 275.00
				Smooth light brown. A rim mark obv K9.A dig at E of ONE. Good eye appeal for the grade.	

1794	S-21	R3	F15	\$ 585.00

1795	S-76a	R5	VG10	LETTERED EDGE	\$ 650.00
	F12 Smooth chocolate and brown. A light scratch through hair and a few tiny rev rim marks. A nice appearing Cent. Ex Loye Lauder sale lot 340. The Lauder sale was remarkable for a number of reasons. Foremost the collection of Early Colonial and Copper pieces formed by Ms Lauder, a strikingly beautiful woman who died tragically at the age of 53. The collection contained many rare and important pieces including a Summer Islands"Hog" threepence (four other pieces of Hog				

money for good measure), An NE Shilling and Sixpence, 1796 No Pole, 1802 C-1 first reverse, and 1811 restrike Half Cents, as well as many rare and condition census level Large Cents. It was the kind of collection which would draw collector attention even were its sale held in a parking garage. Several Numismatic auction houses, the likes of Bowers and Stacks, were interested in holding the sale. However, inexplicably it was awarded to William Doyle Galleries, a New York Furniture Sales House. The sale, as might be expected, was handled much as one might expect a sale of couches and chairs might be. Despite reasonably good cataloging (thanks to the assistance of C. Douglas Smith) the pre sale viewing and the auctioning itself turned into a debacle. Many of Ms. Lauders coins had surface considerations; that is they appeared to have been cleaned or lacquered and would require careful pre-sale inspection. However, the unusual presentation and poor lighting prevented this. During the sale itself lots often were opened at a high bid then reduced by increments until a willing buyer presented himself. Apparently this resulted in an unusual number of buybacks and returns as some months later a "Lauder II" sale was held offering largely the remainders from the first sale. By mutual consent with the community of collectors this appears to have been the last venture into the field of Numismatic Auctions for Doyle Galleries though my understanding is that they continue as one of the premier furniture and antique auction houses in the country.

1797 S-128 R3 F12 \$ 275.00
VF20 Mottled gray brown with uniform surface porosity. A cpl small rim bumps K3 & K7 rev. sharp detail. Ok eye appeal.

1797 S-129 R6 F12 \$ 4500.00
VF25 Glossy chocolate brown with a sharp strike. A couple tiny rim marks and a quarter inch long planchet flaw in the obverse field K8. This coin at one time belonged to Jack Robinson who arranged to buy it out of the Phil Van Cleave Sale. It was there graded VF25 net VG8. Del severely down graded the coin due to the depression in the obverse field. Jack disagreed with Del's evaluation. At the EAC meeting in Los Angeles in 1988 Jack presented the coin for arbitration to a panel of experts for grading. The results ranged in general from F12 to VF20. More recently EACers including Bill Noyes, Tom Reynolds, Doug Bird, Mark Borkhardt, Bob Shalowitz, and Jack Beymer have examined the coin again with grades ranging from F12 to VF20. However, over all this time Del has remained unmoved (and let me interject here none of this is meant as a criticism of Del, every one is entitled to be wrong once!). As a result Jack refused to have the coin sold in the auction of his collection if Del would not re-evaluate the grade. Jack did not merely disagree with Del's evaluation. He advanced an imaginative though plausible explanation for the depression. According to Jack, prior to the time of striking, a small piece of metal adhered to the die. This piece of metal may have been a filing or flake from the die itself. It first lay across the die itself while the die struck one or more coins thus damaging the die. The piece of metal then broke loose and was struck into this exact coin. When the coin was ejected from the die the filing was of course ejected as well. The result was the depression you now see in the obverse field at eight o'clock. However, for Jack's theory to hold water there would have to be some believable evidence that such a filing or piece metal existed in the first place and second that it came in contact with the obverse die of S-129. If such a piece of metal did come in contact with the obverse die and damage it, there would be evidence in the form of a die crack or break, presumably in the general shape of the piece of metal that did the damage. We know that on the earliest striking of S-129 there is no trace whatsoever of a die break (see JHR lot254). However, on this coin and on subsequent striking there is faint evidence of damage to the obverse die at ten o'clock at the rim. This break never becomes large enough on S-129 to support a compelling argument. However, in this obverse dies subsequent marriage

to a new reverse creating S 130, the obverse break grows more dramatic eventually reaching the approximate size and proportion of the depression in the field at K8 of our S 129 described above. Further than this I cannot go. But look at a late state of S-130 or S-131, another use of this obverse (see JHR lot 257 or RSB lot 187). Now imagine yourself at the Philadelphia mint on a typical noisy, disorganized day. The constant sound of metal clashing against metal, the presses demanding constant attention, the dies forever needing adjustment, refiling, repairing. Now imagine exactly one round blank copper planchet resting beneath one particular shining new obverse and decide for yourself.

However you decide this remains a fascinating and important coin. Nothing comparable has come on the market in years. We may never know absolutely this coin's history. But even if it was hit with a truck or shot with a bullet it's a great Cent!

1828	N 4	R4+	VF25	\$2200.00
			Glossy medium tan. A couple tiny reverse rim ticks and a few trivial handling marks. This is the most attractive example of this variety to have come on the market in years. Usually found on dark, problem planchets. This is currently rated tied for fourth finest known of the variety but I believe in a side by side comparison would be found to be aesthetically more desirable than a couple of it's superiors. A coin with great color and eye appeal. Ex Wayte Raymond 12/45, Willard Bliasdell 9/15/76, R.E. Naftzger, Myles Gerson, Robinson S. Brown 9/86:646, Dennis Mendelson 2/3/91:366.

			Choice glossy deep tan mark free surfaces. Very choice for the grade.	

1830 N-6 R3 F15 SMALL LETTERS REVERSE \$ 175.00
VF30 Though bluntly struck with dark brown and tan coloration.
Smooth appearing with underlying surface corrosion.

1830 N-6 R3 EF40 SMALL LETTERS REVERSE \$2400.00
Superb mix of tan and brown in a beautiful woodgrain effect.
Surfaces almost completely frosty with mint luster, just a
a trace of rub on the face and high points. Bluntly struck as
always with this variety but actually somewhat sharper than
usual with full sharp haircords and a complete curl before
the ear. This a beautiful coin that has seen very little
wear. Among the top ten known examples of the variety.
Virtually impossible to find this nice. Ex Mendelson:399.

1830 N-7 R3 VF30 \$1750.00
Beautiful golden tan color with lustrous surfaces. A light
hairline scratch in obverse field K10. Otherwise virtually
flawless. A lovely example of a very scarce coin. Among
the top seven examples of the variety. Ex Mendelson:400.

1830 N-7 R3 VF20 \$ 185.00
VF30 or sharper. Some corrosion has been removed from the
obverse field K1-2 and the entire coin stripped and recolored
a light reddish brown. A very scarce variety.

An Interview with Rian Thum collector of 1856 Large Cents

At the time of this interview I was in the bourse room of the St. Louis Numismatic Society's annual convention. Sitting before me was a boy twelve years old, immaculately groomed wearing a nice blue suit and a tie. I first met Rian about six months ago. He asked me if I had any 1856 Large Cents. When I pulled out a couple he said that he had those varieties already and produced a want list of Newcomb varieties. Needless to say I was impressed. We had a lengthy discussion. Rian is a remarkable young man and I would venture to say has a great future in this hobby, or in any other endeavor he cares to take up. He is the only collector in his family.

Chris Rian how did you get started collecting?

Rian My dad gave me an indian penny. That got me interested in old coins. Later I went to a local coin show and saw there were many kinds of old coins. I decided I wanted to do an exhibit of old coins. There is a program at my school that lets you take time to work on special projects. So I made that my project at school.

Chris Why did you pick Large Cents?

Rian Well I wanted to do an exhibit and I saw how many varieties there were. I picked the year 1856 because it was a transition year and there were so many varieties, the slanted five, the upright five, the hole in ear. Also it wasn't too expensive. So I first was interested because of the different major varieties. Then I checked out some books from the ANA library. I checked out the Newcomb book and a book of articles on Large Cents published in The Numismatist. When I saw how many varieties Newcomb had listed I knew for sure that was what I wanted to collect. I didn't know about the Grellman book. But a dealer at a show in St. Louis gave me a copy and that is what I use now.

Chris Are most dealers nice to you?

Rian Well not at first. Some times I'd come up to a dealer at a show and ask if they had a coin and they would say no even though I could see they had boxes full of coins behind their table. Some would just tell me to get away. At that time I dressed more casually and dealers would ignore me. Then I started to dress more professionally. I had cards printed with my name and I started carrying a brief case. The dealers were nicer to me then but I really had not changed. I just dressed differently.

Chris What are your collecting goals now?

Rian I want to finish the 1856s in time to exhibit at the ANA in Chicago. Then I will want to replace my lower grade coins with better ones. My goal is to someday complete a set of late dates by die variety.

Chris What do you look for when you buy a coin Rian?

Rian First I look to see if it's a variety I need. I always recheck the variety to make sure even if it's already attributed. For one thing it trains my eyes so I can attribute better. And it saves me from buying something I already have. Then I check for major dents or scratches. I usually try to avoid those. Unless I found an N-22 with a rim bump then I'd take it! I also look at the toning, if it's been cleaned or not. I see a lot of cleaned Large Cents but I avoid them. One time my grandmother heard that I collected coins. She brought over a Morgan Dollar to give to me. But first she cleaned it. I told her it was better to leave them tarnished.

Chris How many varieties do you have?

Rian So far about half of them. I have N-1,N-3,N-11,N-15/16, N-17,N-18,N-19,N-20,N-21. The hardest one to find will be N-22. If I can get that the rest will be easy. So far I've written to Bob Grellman, Tom Reynolds, Larry Briggs, Doug Bird and JEL coins trying to find an N-22. I hope they take me seriously because I worked all summer to get the money and I saved all my Christmas money too. But I haven't had any luck finding one yet.

Chris So even after saving up several hundred dollars you still can't get the coin you need.

Rian No. But that's part of the reason why I really like Large Cents. I know what 56 N-22 looks like if I see one. Maybe I'll get lucky and just find one. Sometimes you can find something really scarce and it doesn't cost so much. Anyway think how many more 1856 Flying Eagle Cents there are than 1856 N-22s. Even if I find one to buy the N-22 will be much less expensive.

The Dennis Mendelson Sale

One might think with war in the Middle East and the economy on the skids that collectors minds might be otherwise engaged. But not so. The Dennis Mendelson Sale held February 3 by Superior in Beverly Hills proved once again that no man made or natural disaster can suppress the seemingly insatiable appetite of collectors for choice Early Copper. Of course the quality of the meal invariably affects the hunger of the guests.

Having known Dennis for some years I feel fairly well acquainted with his habits of collecting. The method in which Dennis' collection was assembled had much to do with the attraction of this sale. First it should be noted that this was not a sale of only finest known and mint state gems. It was a collection of carefully assembled pieces. Most of the coins in the collection were middle grade VF30 to EF45 but each one of them was selected with a purpose or desire in mind. It is almost an accident that Dennis' collection did well from a financial point of view. From this aspect it could certainly be said "he loved not wisely but too well" because investment was usually the last consideration, an afterthought. The primary consideration was the integrity of the collection. For this reason there were many rather common coins represented by examples that could easily have been upgraded. The 16 N-2 was a simple AU.-The-18 N-10 and 20 N-13 were undistinguished MS60 coins bought doubtless because a nice EF never came along. The 38 N-1 was an EF45. Any of these could have been upgraded to gem MS65s with just a phone call. This was not really of concern. Take a look at the 1816s. A rare perfect obverse 16 N-1, A choice VF30 N-1 and the finest known terminal die state N-1! This followed by the common 16 N-2 mentioned above then a superb AU50 1816 N-3! Dennis like everyone started out naive, wanting everything, but he quickly jettisoned the extraneous diversions. Collections of 94s, 98s and 1800s, collections of type coins, a really great set of buffalo nickels and Lincolns all were sold to finance the middle date and die state collection. He also became a student which is why his collection contained many very rare though often not highly valued coins (the 16 N-3 perfect obverse mentioned above brought only \$105). But they were valued by Dennis! And he spent many hours researching and many more hours pursuing coins that might only cost a couple hundred dollars at most when found. Of course not everything came cheap. It was truly entertaining at times to watch him at work. Most of you have never seen a blue tick hound barely catch a scent, irrevocably explore every possible point of origin and then track it down in a mad excited rush. So I will have to relate a couple of stories. The 35 N-4 lot 472 in this sale had last appeared as lot 297 in the Starr I sale. A few phone calls determined the successful bidder at Starr. It was the weeks and months of courtship that followed in which Dennis did everything but send the owner flowers and candy that ultimately won him the prize. Similarly Starr II contained an unobtrusive group lot of three die states of 1831 N-12 lot 1692. The current owner was located. But alas sometimes mere money is not sufficient tribute. The lot of three coins was still intact but part of the price required the surrender of a choice 1829 N-7, the intermediate state wheelspoke variety, hardwon as Robbie Brown lot 666. Thus Dennis' sale contained only one of the RSB 29 N-7s but all three of the great Starr II 31 N-12 die states. Of course Dennis's pursuits could occasionally result in bruised feelings, at least one wit suggested the name "Dennis Meddlesome". Then again it's hard to make wine without crushing a few grapes. Crush enough grapes and you're bound to

find a sour one now and again. Anyway it was all the work that went into the formation of the Dennis Mendelson collection that will make this sale of import in the future. It will be some time before we can again open an auction catalog and see four die states of 1817 N-12 each one of them an important coin; a rare early state, with only the faintest cracks, the most common intermediate state but an MS60 coin!, a rare late state with the heavy break at star 1, and the unique terminal state with a rim cud joining the first three stars! Or Six different die states of 1831 N-9 the earliest with faint cracks, the latest with the terminal cud joining stars three four and five. Anyone who does not have a copy of this sale should get one. Combined with the Jack Robinson the two form a virtually definitive reference on middle date die states.

As to the sale itself the week started out pretty much as expected. Superior greeted us warmly though the change in owners has certainly resulted in some changes in protocol. Lot viewing went smoothly and there was a nice cocktail party the night before the sale. There hasn't been a turnout like this for a sale since Jack's. Everyone showed up, and I think much of that had to do with the friendships formed through the years. I know that more than one person flew a couple thousand miles to be there without intending to buy a single coin. Denis Loring always seems to find at least one incredible restaurant everywhere we go. So afterwards four of us faithfully followed him to RJs. Who would think an Okie like me would be going for barbecue in Beverly Hills? But the ribs and rattlesnake chicken were great; Denis, Dan Holmes, Tom Reynolds and I together were unable to finish off one piece of the mammoth chocolate fudge cake, and I know my flight instructor father would have been proud to see how years of patient encouragement finally paid off with a paper airplane exhibition long to be remembered.

At a little after six Sunday the sale began. The very first lot a perfect obverse 16 N-1 one of only a handful known went for only \$105. The terminal die state a beautiful coin described as VG10 but probably at least F12 went to the book at \$1500 but was reopened and subsequently sold for a bid of \$2000. The great 1817 N-1 which sold for \$2000 in Robbie Brown sold for \$1800 here. Not a great increase over four years! But the 1817 N-7 with mouse a nice EF45 brought \$2500 about twice the pre-sale estimate and we were off to the races. This was a somewhat difficult sale to figure out. Many of the most important coins sold quite reasonably, even cheap. The 1818 N-4 a terrific coin brought only \$6500. An 1818 N-2 early die state Dennis had paid \$2970 for in JHR brought only \$1100 here. The beautiful 29 N-9 which brought over \$3500 in Matthews a little over a year ago went to only \$2200 and a great 35 N-18 which brought \$2860 in RSB stopped at \$1300 here. Curiously the more middle of the road coins were bringing strong, even fantastic prices and of course there were the bright lights. The nice MS60 1826 N-8 purchased for well under a thousand dollars brought \$3800. A great little 1830 N-9 in G6 maybe a little better went for \$6750. A late state 1839 N-1 which originally came out of the EAC sale in 1985 for \$400, to Dennis Coffey, then to me, to Dennis at less than \$600 sold here for a phenomenal \$3600! The 39 N-15 a nice fine brought \$4800. The one disappointing area was the die states. Apparently these remain underappreciated. There were some fantastic coins here. But with rare exceptions they failed to elicit the kind of excitement they deserve. The 17 N-12 terminal die state went for \$3740 in JHR but stopped at a little more than half that here. The 17 N 17 with terminal cud at TAT a terrific coin brought \$1500, the 31 N-12 state 2 one

of the finest known of this rare die state a nice VF25 brought only \$1150. I thought this example nicer overall than the VF30 example that brought over \$3000 in the Robinson sale. Where was the underbidder from JHR? The fantastic 33 N-4 terminal die state with four star break which brought a hammer price of \$8000 in the Robinson sale stopped at \$5250 here and I trust went back to the consignor. Also the 35 N-9 with terminal cud. Here is a coin you wish could speak. What stories it would tell! It too stopped short at \$4800. These are the kind of coins that should go to someone who understands and appreciates them. Perhaps it is best to think they went back happily to Dennis.

Still overall there is no denying that the balance of the sale did very well. Even the addenda to the sale about 400 lots from other consignors brought strong prices. A nice group of Classic Head Cents the former property of a well known eastern collector were in the sale. A very nice 1809 S-280 and a desirable 1811/10 S-286 were in the group. I'm unfamiliar with the S-280 but I sold the 286 a couple years ago as an EF40 coin which it is. Here it was allowed to go in the sale as an AU58! and of course was bought back by the consignor as were I believe all but a couple of the Classics. Hardly a propitious start. A few lots before, the 1801 NC-4 finest known, (as its one rival, though sharper, has been heavily burnished), went back to the book at \$8500. The coin had been found in a date set some months ago and then rumored to be sold at \$15,000 to a pair of dealers for placement in this sale. I'm now told it sold after the sale privately for an even dozen but only the shadow knows for sure. The rare NGC graded proof 25 N-9 turned out not to be, as usual. But the AU 1825 N-10 finest known with rim the cud at star seven regained some of the honor for die states selling for a heady \$3400. A spectacular MS67 full red 1840 N-8 sold for \$8500. An MS63 1843 N-2 sold for \$1250 and a choice MS63 1848 N-29 which sold in last years EAC Sale for \$750 brought \$1150.

By the end of the night we were all pretty beat. Dennis was busy signing catalogs and shaking hands. Later Dennis, Jack Robinson, Tom Reynolds and myself met at the Ramada for a couple of drinks. Dennis was smiling, laughing and generally reveling in the events of the day, Jack a bit more pensive, perhaps thinking of his sale two years ago, while Tom might have been peering a bit into the distant future. Me, I was having all I could do to keep my eyes open. I thought of just going upstairs to sleep. But then an event like this only happens once. And Dennis was laughing and reveling, laughing reveling and paying for all the drinks. So I decided to stay and visit a while longer.

McCawley/Grellman Copper Sale # 1

January 5 Bob Grellman and I held our first all Copper sale. The sale took place at the FUN show in Orlando at 7:30 PM Saturday. We were very pleased with the results and hope you were as well. Total sales were slightly over \$62,000. Some highlights of the sale were a 1793 S-7 G6 which realized \$5775, a 1794 S-34 in G4 at \$1485, an 1805 S-268 in VF30 \$1457 and an 1807 S-272 small seven over six in G6 which brought \$3740. Among middle dates the 1817 N-12 EF45 brought \$1485, while an 1819 N-5 graded similarly reached \$2200. The VF35 1830 N-7 went at \$3465. Late dates drew a lot of attention as an AU58 1841 N-5 brought \$1485 and an EF40 1847 N-23 went for \$605. A nice MS63 56 N-16 mostly red brought \$852 and the next lot 1856 N-20 MS60 with the rim break at star twelve brought \$550. We had successful bids from approximately fifty mail bidders and thirty floor bidders. We had one return an AG3 1795 S-76b lot 53 that had sold for \$38.50. We plan to hold our next sale during the ANA in Chicago . Time and place to be announced later. We are presently taking consignments and have already received some interesting lots. The following is a list of prices realized from the sale. All prices include the 10% buyers fee. Any lots not listed were repurchased by consignors.
